

# too FAR?

## Has #metoo gone too far?

Whatever you think of the #metoo movement, it is undeniably an important moment in our culture and our history. We have invited speakers to shed light on what has happened, why it is happening now, and what should we do about it. We hope to move to a respectful discussion of how we should educate our children so that they grow up with both a natural and respectful interest in the opposite sex and human sexuality.
